

METL

GROUP

The People's Brand

ROYAL SOAP &
DETERGENT INDUSTRIES LIMITED

As one of Tanzania's leading manufacturers and entrepreneurs; **Mohammed Enterprises (Tanzania) Limited** Group of Companies invests in development of young graduates and supports them in becoming experts in whatever inspires them most.

Our Graduate development program is designed to do just that – to train and develop technical professionals by offering innovative, hands-on technical and management applications deemed critical to the industry and to produce well-rounded professionals who support the overall corporate spirit.

Our one-year graduate development program is your opportunity, as an enterprising, motivated recent graduate to work alongside experienced professionals in a range of areas within the METL Group. These include planning, production, processing, quality, manufacturing, man-management, communications and operations.

If you believe you have that spark, please consider our selection criteria carefully:

To apply you must:

1. Be a recent-graduate or post graduate.
2. Have GPA of 3.00 or above.
3. Have university degree in any of the following fields of study/discipline:
 - Electrical/ Electronics engineering
 - Textile engineering
 - Mechanical engineering
 - Chemical and process engineering
 - Automobile engineering
 - Insurance and risk management
 - Agriculture
 - Agricultural engineering

Interested applicants who meet the criteria mentioned, please visit our website <http://www.metl.net/en/graduate-development-program/graduate-development-program> and download our 2017 Graduate Development Program Application form.

Complete the application form by filling in the required details, attach your updated CV and send it to the following address:
